Al-Habib نفعنا الله saw his brother Muhammad bin Taha al-Haddad رحمته الله who passed ahead in Java (Indonesia), recite the Ratib al-Haddad with them

This servant who is needy before Allah, who compiled this book (of talks of al-Habib نفعنا الله), says:

I was with my master, my grandfather night after night in the month of Ramadan 1407 A.H. reciting the Ratib al-Haddad. Once while we were reciting it, my master, my grandfather dozed off; then he opened his eyes and said, may Allah be pleased with him, “I saw my brother Muhammad bin Taha رحمته الله who passed ahead in Java, reciting with us the Ratib.”
